SYSPRO CLOUD

Mobile, scalable, accessible, providing synchronized information any place, any time.

SYSPRO CLOUD PROVIDES:

Rapid Implementation
Applications can be turned on within a few days, hours, or even minutes.

Mobility
Access all your data anytime, anyplace, using any device with Internet capability.

Constant Availability
Updates are seamlessly handled in the Cloud, whilst you carry on with business as normal.

Cost Advantage
Because there is no up-front capital investment, it accelerates the time-to-benefit. There are no hidden costs associated with the ongoing maintenance and upgrading of the infrastructure because they're included as part of SYSPRO Cloud.

Scalability
Allows you to expand or contract, whatever your business needs, with a single phone call.

Security
With stringent security policies, you can be sure your critical business data is safe in the Cloud.

Peace of Mind
Your mission-critical systems are diligently looked after, with the right skill set.

Flexibility
Cloud computing can be tailor-made to your needs and allow you to purchase only the services and number of units necessary.

HOW does SYSPRO Cloud Work ?

On-demand
As an IaaS provider, SYSPRO hosts your virtual machine; you keep control of the software, whatever applications, data and operating systems you put on the infrastructure.

Microsoft Azure
Available via the Microsoft Azure 'cloud' platform, it focuses on security, privacy, compliance, and transparency. Azure runs on a worldwide network across 36 regions.

Upgrades
As SYSPRO Cloud is a single tenant application, it allows each customer to maintain and control the timing of their upgrades.

On-going Support
Support for infrastructure-related issues is provided as part of the monthly subscription.

WHO should consider using SYSPRO Cloud ?

If
- you are concerned about the impact of an on-premise ERP system on your cash flow
- you don't want to acquire and maintain your own infrastructure
- you want to consolidate multiple site operations without the risk of setting up your own central site
- you want to quickly and easily scale up or down as required.

The value SYSPRO Cloud delivers to your business

- No upfront IT capital costs
- Scalability
- ISO 27001 compliant information security standards
- Always-on availability
- Upgrade whenever you are ready
- All services, technical support and upgrades included in the monthly services fee.
